Swirl Away®

Spa Pipe Cleaner

BioGuard® SPA Swirl Away is a specially formulated cleaner for removing waste and scale build-up in spas and their plumbing ensuring optimum spa, spa bath or hot tub's performance.

Benefits:

- Prevents scale build-up in plumbing lines and jets
- Breaks down body oils and other organic wastes
- Prevents re-deposition of solids in pipes
- Promotes better circulation and filtration
- Storage and transport friendly

Features:

- Unique cleaning formulation
- Contains surfactants, chelating agents, water softeners and emulsifiers
- Use before draining and refilling your spa
- Suitable for all spas and spa baths
- Classified as Non-Dangerous Good

Product application:

Spa Baths:

1. Pour 150mL of Swirl Away into spa bath filled with hot water.
2. Turn pump/timer on for 15 minutes.
3. Drain and rinse with clean water.
4. Repeat this procedure monthly or as required.

Spas and Hot Tubs:

1. Pour 250mL of Swirl Away into spa or hot tub before draining.
2. Turn on at high speed for 1 hour with air controls closed.
3. Drain and resume normal maintenance procedures.
4. Repeat this procedure monthly or as required.

Wash hand after use.
